REMARKS

The supplementary Remarks are in response to the Notice of Non-Compliant Amendment mailed December 18, 2007. Claims 1-15 are pending in the application.

Applicant apologizes for the omission of claims 12-15 from the Listing of Claims in the Supplemental Amendments/Remarks filed on December 5, 2007. The present Listing of Claims includes claims 12-15. No claims are amended since the Listing of Claims filed on July 18, 2007. Applicant advises that the statement in the first paragraph on p.6 of the Supplemental Amendments/Remarks filed on December 5, 2007, regarding claims 12-15 was in error. Claims 12-15 are in fact intended to be retained. Consideration and examination of all of claims 1-15 are requested. Applicant apologizes for any inconvenience or confusion caused.

Applicant also requests consideration of the following revised response to the Requirement for Information under 37 C.F.R. § 1.105, mailed October 5, 2007, in lieu of the stated response contained in the first paragraph on p.6 of the Supplemental Amendments/Remarks filed on December 5, 2007. Applicant advises that the equations enquired of are all the inventor's own invention. The inventor is unaware of any references mentioning or using the equations. To the best of the inventor's knowledge, the equations are not known to those of ordinary skill in the art. Applicant is unable to provide details of any publication or reference that uses any of the equations.

As regards claims 1-11, Applicant further requests consideration of the Supplementary Remarks on pages 6-13 of the Supplemental Amendments/Remarks filed on December 5, 2007. In the first paragraph of the Supplementary Remarks on page 6, it should have stated that claims 1-15 are pending in the application. In all other respects, consideration of the

Supplementary Remarks as they appear is requested. (The Supplementary Remarks are substantially the same as the corresponding remarks relating to claims 1-11 provided in the earlier Amendment/Reply filed on July 18, 2007).

Applicant submits that all of claims 1-15 represent patentable subject matter.

In view of the above-listed claims and the above remarks, the subject application is believed to be in a condition for allowance, and an action to such effect is earnestly solicited.

Respectfully submitted,
Juei-Mei Wang
